Module 185 - CS Impact: Content Filtering, Email-Spams and Laws

1. **What is the primary purpose of content filtering in the context of Internet firewalls?**
   - A. Enhancing website accessibility
   - B. Preventing access to harmful items
   - C. Facilitating data encryption
   - D. Improving network speed
   - **Correct Answer: B**

2. **How does content filtering work in the context of Internet firewalls?**
   - A. By blocking all websites
   - B. By matching strings of characters
   - C. By encrypting data packets
   - D. By increasing network traffic
   - **Correct Answer: B**

3. **What is a common security purpose served by content filtering in Internet firewalls?**
   - A. Enhancing online communication
   - B. Preventing identity theft
   - C. Implementing company policies
   - D. Facilitating social media access
   - **Correct Answer: C**

4. **Which of the following is a major issue that governments aim to address with specific regulations?**
   - A. Plagiarism in education
   - B. Identity theft
   - C. Email spam
   - D. Defamation of character
   - **Correct Answer: C**

5. **What is the primary focus of the CAN-SPAM Act in the US?**
   - A. Regulating social media usage
   - B. Preventing identity theft
   - C. Combating email spam
   - D. Ensuring online privacy
   - **Correct Answer: C**

6. **According to the CAN-SPAM Act, what is a major requirement for sending commercial emails?**
   - A. Use deceptive subject lines
   - B. Provide false header information
   - C. Honor opt-out requests promptly
   - D. Conceal the message as an ad
   - **Correct Answer: C**

7. **What is a common method employed by content filters to prevent access to harmful items?**
   - A. Data encryption
   - B. String matching
   - C. Increased network speed
   - D. Enhanced website accessibility
   - **Correct Answer: B**

8. **Which law in Australia addresses the issue of email spam?**
   - A. CASL
   - B. Spam Act of 2003
   - C. Anti-spam law in Europe
   - D. CAN-SPAM Act
   - **Correct Answer: B**

9. **What is the purpose of the laws mentioned in the paragraph regarding email spam?**
   - A. Regulating content filtering
   - B. Protecting against defamation
   - C. Combating identity theft
   - D. Preventing unwanted email communication
   - **Correct Answer: D**

10. **Why is content filtering commonly used in information systems?**
    - A. To increase network traffic
    - B. To prevent access to unrelated websites
    - C. To facilitate plagiarism detection
    - D. To enhance data encryption
    - **Correct Answer: B**

11. **In the context of computer security, what is the primary function of a firewall?**
    - A. Enhancing network speed
    - B. Allowing unauthorized access
    - C. Preventing unauthorized access
    - D. Facilitating data encryption
    - **Correct Answer: C**

12. **What is the main objective of the Electronic Privacy Information Center (EPIC)?**
    - A. Challenging Data Exploitation
    - B. Building the Global Privacy Movement
    - C. Controlling physical access
    - D. Ensuring network availability
    - **Correct Answer: B**

13. **What is the primary concern of computer security as mentioned in Module 182?**
    - A. Social media usage
    - B. Protection of information systems
    - C. Global Privacy Movement

- D. Network speed improvement
- **Correct Answer: B**

14. **According to the paragraph, what is a potential consequence of identity theft?**
- A. Enhanced online communication
- B. Illicit online transactions
- C. Building the Global Privacy Movement
- D. Defamation of character
- **Correct Answer: B**

15. **Which area does Privacy International (PI) focus on as mentioned in Module 183?**
- A. Ensuring network availability
- B. Challenging Data Exploitation
- C. Combating email spam
- D. Defamation of character
- **Correct Answer: B**

16. **What is a major concern associated with the growth in affordable computing technology, as mentioned in Module 184?**
- A. Improved family communication
- B. Increased access to information
- C. Defamation of character
- D. Communication breakdown
- **Correct Answer: D**

17. **What is the primary focus of Module 185 in the given paragraph?**
- A. Gaming Addiction
- B. Content Filtering
- C. Social Issues of IT
- D. Privacy Information
- **Correct Answer: B**

18. **What is the main issue mentioned in the paragraph regarding the educational impact of computers?**
- A. Plagiarism
- B. Gaming Addiction
- C. Communication Breakdown
- D. Identity Theft
- **Correct Answer: A**

19. **What is the primary objective of content filtering according to the paragraph?**
- A. Enhancing network speed
- B. Preventing access to harmful items
- C. Facilitating identity theft
- D. Improving communication breakdown
- **Correct Answer: B**

20. **Which of the following is a major shift in society caused by the availability of affordable computing technology?**
- A. Increased socializing within families
- B. Enhanced communication breakdown
- C. Unlimited access to information
- D. Prevention of data theft
- **Correct Answer: C**
